Diary Entry
Dear Diary,

Yesterday was my 16 birthday, it wasn't much of a celebration. Mama and Papa gave me a old blue dress from the salvation army. I know its not much but Im thankful. I pray every night for God to deliver our nation from this terrible poverty. I cant remember the last time we had a fulfilling meal. I hate seeing Papa without work, he seems so sad. Jacob Whicham wants to go see the world. I hope he don't go, he wants me to come too, but I cant imagine leaving Mama at a time like this. Besides I dont plan on gettin married untill I can afforded to bring my children up proper. It jest wouldn't be fair to bring another mouth to feed, when there are so many going hungry. I will keep praying for GOD's help, and papa to get employed by the government.

P.S. I hope this depression ends soon

Summary-

In chap 23.2, the section talked a lot on the causes of the Dust Bowl, which dealt with Drought, weather and too much use of land. Men, Women & Children all suffered from the depression. Many lost their homes and jobs. Americans had lost the will to survive. And both City folk & Country folk suffered hardship.

11

Summary-

The video was about the people of America and how they dealt with the tragities of the Dust Bowl. Farmers continued to pursue, even tho their crops failed. Dust and wind was so dangerous that a couple people died. The drought lasted about 10 years before the rains finally came. The Dust Bowl taught Americans how to take care of the land.

DOOLITTLE RAID ON TOKYO!

Picture: James Doolittle and his crew after their air Raid on Tokyo.

Doolittle Do'd It!

James Doolittle and his crew successfully bombed the Japanese city of Tokyo. It is America's first air raid on American soil and the American people have proven that we will no longer stay back and allow the Japanese to rule the Pacific. Japan must pay for the American lives lost in this war! And for the destruction of Hawaii's Pearl Harbor. The raid was held on April 18, 1942. "The Objective of the raid

was to lower Japanese confidence and lift American moral." States crew leader Lieutenant colonel James Doolittle. The planes used in the raid were aircraft carriers called Hornets. Doolittle was awarded the Medal of Honor due to his valiant leadership during the war in the Pacific, and has become one of the pioneers of aviation. (Read more Pg. 5)

Summary - I think this left side basically speaks for itself. The Doolittle raid was America's 1st successful attack on Japanese soil. The attack was focused on lifting American moral, and lower Japanese confidence.

The Day the World Began to Fall

There's a big obsession with the great depression
People ~~lost~~ their money
And it wasn't very funny
Every one let it
By buyin' things on credit
Farmers couldn't sell their crops
And their swagger lost its hops
Businesses began to fail
People everywhere started to wail,
They put their trust in stocks
And now their livin' in a box
Hoover won the presidency
In hopes for an economic recovery
There was too much speculation
which led to aggregation
Industries were in trouble
And the dreams began to crumble
Black Tuesday began it all
The day the world began to fall.

Black Tuesday was on October 29, 1929, or the day that the stock market crashed. Many things led to this. Banks ran out of money so when people tried to withdraw money, there was none to give. The United States tried to raise the tariff for trade, but the world trade went down because many countries had economic hard times.

The New Deal in the USA

I hopped off the train at the station
with my pride and empty pockets
Welcome to the land of homelessness
I know I'll always fit in

Jumped on the road
Here I am for the thousandth time
Looked to my right and I see the Hobo signs
This is all so crazy
Everybody seems so worthless

My tummy's turnin' and I'm feelin' kinda hungry
Too much homeless and I'm so sad
That's when FDR came on the radio
And his fireside chats were on
And his fireside chats were on, And his fireside chats were on,

So I put my hopes up
He's answering our prayers
that's when all the worry flies away
Farming so much like yeah
working all day like yeah
So I put my hopes up
He's answering our prayers
Everything's gonna be ok
Heathin' It's the New Deal in the USA

The government told Franklin Roosevelt to stop deficit spending because they were going in debt. He did and employment rate lowered drastically. People were laid off. Some people agreed with the New Deal, while other disapproved of it.
